 Chemistry

Using the words provided below, place the appropriate word in the correct box in the concept map. More than one word can be placed in each of the boxes.

- Combustibility
- Conductivity
- Carbon dioxide
- Texture
- Matter
- Reactivity
- Cereal
- Homogenous mixture
- Solubility
- Compound
- State of matter
- Physical property
- Copper
- Element
- Mixture
- Colour
- Viscosity
- Melting point
- Boiling point
- Malleability
- Hardness
- Properties of Matter
- Air
